Controls what must happen before a status can be set.
Won Verification ON
ON: an enquiry cannot be marked Won until Bill Details are submitted. The Bill pop-up opens when Won is selected.
OFF: Won can be selected directly with no bill. Dashboard Won sales then fall back to the Quotation Amount.
Reset verification when an enquiry leaves Won
If an admin moves an enquiry from Won to another status, clear its Verified flag so a bill must be submitted again before it can be Won again.
Admin-only statuses
Only admins can set these statuses, and only admins can update an enquiry that is already in one of them.
